

GSNA Legislative Contribution Reporting Form

Georgia School Nutrition Association
2372 Main Street
Tucker, GA 30084

State legislative efforts are of benefit to all school nutrition staff. For many years, GSNA has required Legislative Contributions from each local chapter in order to assist in these efforts. This reporting form is designed to help you in determining the total annual legislative contribution for each local association. The amount is based on number of full-time employees, not members.

When completed, please make out your check in the amount listed * on your worksheet below to *GSNA* and mark it “*For Chapter Name/Number _____ Legislative Contribution*” then send it to the GSNA office at the address above no later than **March 1**
Thank you.

County/Chapter: _____ Date: _____

Contact Name: _____

Phone Number: _____

E-mail address: _____

Legislative Contributions Worksheet

Total number of *full-time*** School Nutrition Staff: _____ X (times) **\$2.00** = (equals) \$ _____*

Please send by March 1

** Full-time is the individual system’s definition of how many hours equates to full-time. Generally four (4) hours or more a day is considered full-time; however, some systems count as few as 3.75 hours as full-time. If unsure, please check with your director regarding the number of hours that are considered to be full-time. This includes ALL employees, not just GSNA members.

* This is the amount you will send to GSNA to assist in legislative efforts for the state.

Thank you for your support of our statewide School Nutrition legislative efforts!
